**List of strengths/skills:** List your skills with a rating between 1-10. The number represents how skilled you are.

E.g. Java(10) means Java super-expert. Make sure you add items you might know, such as languages, IDEs, source code control, management, communication, etc.

Python (9) Pycharm (3)

Java (7)

C(6)

MATLAB (5)

Github (4)

**Previous relevant experiences:** What previous experience might help you with this project? Include other courses you have taken, job experience, software you developed, team experience, etc.

SENG201 (partner dropped out, did by myself)

COSC261 parser, compiler etc.

COSC264 team experience.

**List of things I want to improve about myself:**

My ability to work in a team (not taking over/micromanaging)

Communication skills

Conflict Resolution.

## SENG 302 Individual Sheet (cont'd)

**Expectations:** What do you expect from the team as a whole? What do you expect from your team-members? What do you expect from yourself?

Overall equal input

I expect to get this grade for SENG302: A

Resources I have: ???

Suburb where I live / my transport options:

Sockburn

Car 50% of the time

Cycle

Write one interesting fact about yourself that others in your team might not know about you. The weirder (or more outrageous), the better.

I'm a rock climber. (Not a good one)
